Posture Pro 8 Manual

HI

Could you send me a link to Posture 8 manual please?

I can only find version 7 manual online.

The Posture Pro manual is embedded in every installation of Posture Pro. Open the software to the main screen. Under Reference Modules you will see the link to the Instruction Manual. Click on that to open the pdf file of the instruction manual.

Online URL: https://posturepro.phpkb.cloud/article.php?id=135
