AXION Serum+: Advanced Hydration and Skin Rejuvenation

The **AXION Serum+** is a premium skincare solution specifically formulated to optimize hydration, improve skin texture, and enhance the efficacy of professional treatments. Designed for use with microcurrent therapies and other advanced aesthetic protocols, this lightweight, nutrient-rich serum delivers visible and long-lasting results.

Key Features:

1. Deep Hydration:

- Enriched with powerful humectants like hyaluronic acid to

attract and retain moisture, ensuring long-lasting skin hydration.

- Creates a plumping effect that smooths fine lines and restores skin elasticity.

2. Conductive Formula:

- Specially formulated to serve as a conductive medium for microcurrent devices, including the **AXION Wave systems**.
- Ensures even current distribution for effective treatments.

3. Nutrient-Rich Composition:

- Packed with vitamins, peptides, and antioxidants to nourish the skin and combat environmental stressors.
- Supports collagen and elastin production for firmer, more resilient skin.

4. Lightweight and Non-Greasy:

- Absorbs quickly without leaving a residue, making it ideal for professional treatments and daily use.
- Suitable for all skin types, including sensitive and acne-prone skin.

5. Multi-Purpose Application:

- Can be used alone as a hydrating serum or in combination with treatments like microcurrent therapy, LED light therapy, or manual facials.

Benefits:

1. Enhanced Treatment Results:

- Boosts the efficacy of microcurrent and other aesthetic technologies by improving conductivity and delivering active ingredients to deeper skin layers.

2. Improved Skin Texture and Tone:

- Hydrates and revitalizes dry, dull skin, leaving it smoother and more radiant.
- Reduces the appearance of fine lines, wrinkles, and uneven skin tone.

3. Skin Barrier Support:

- Reinforces the skin's natural barrier, protecting against moisture loss and environmental damage.

4. Non-Toxic and Safe:

- Free from parabens, sulfates, and harsh chemicals, ensuring a gentle experience for all skin types.

How to Use AXION Serum+:

1. For Microcurrent Therapy:

- Apply a generous amount to clean, dry skin before using a microcurrent device.

- Reapply as needed during treatment to maintain conductivity.

2. As a Daily Hydrating Serum:

- Apply a thin layer to the face and neck after cleansing, morning and evening.
- Follow with a moisturizer or sunscreen for added protection.

3. With the Wave Face Mask System:

- Combine with the **Activator Powder** to create a hydrating solution for use with cotton sub-masks.

Ideal For:

- **Estheticians:** Enhancing the results of professional treatments with a high-performance conductive medium.
- **Clients:** Maintaining hydration and improving skin health as part of their daily skincare routine.
- **Combination Therapies:** Complementing microcurrent, LED, or manual treatments for maximum effectiveness.

The **AXION Serum+** is an essential component of any skincare or treatment protocol, delivering unparalleled hydration and rejuvenation while supporting advanced technologies for transformative results.
